Hearing Aid Compatibility Status Report (FCC Form 655)

Reporting Period: January 1, 2017 - December 31, 2017

Filing Confirmation Number: 0008063605

Filing Deadline: January 16, 2018

FRN: 0015991664

Filing Date: 01/16/2018 03:32 PM

General Report Information

Type of Company

Service Provider

De Minimis Exception

Did you offer any handsets to subscribers in the United States during the reporting period? Yes

Have you been offering handsets in the United States for at least three years prior to the end of the reporting period? Yes

Date that you began offering handsets in the United States

Are you a small entity? Yes

Were you a small entity at any time during the three years prior to the end of the reporting period?

Date that you ceased to be a small entity?

Company Information

Company Name: PR Wireless PR, LLC
Brand Names: Open Mobile
PO Box:
Street Address: 1 Street, Suite 300, Chrysler Bldg., Metro Office Park
City: Guaynabo
State: PR
Zip Code: 00968

Contact Name: Adrian Gonzalez
Contact Phone: (787) 554-6736
Contact Fax: (787) 782-8621
Contact Email: adrian.gonzalez@prwireless.com

Filing Agent

Is this report being filed by an agent on behalf of a manufacturer or service provider? No

Product Labeling

Do all hearing aid-compatible handsets include labeling? No

Explain: Only the AVVIO C622 does not include labeling. The rating is posted at our website

Do all hearing aid-compatible handsets that were tested under ANSI C63.19-2007, and that are capable of voice

communication over any air interface or frequency band that does not have hearing aid compatibility technical standards under ANSI C63.19-2007, include the required language disclosing that the handset has not been rated for hearing aid compatibility with respect to such operation?

N/A

Explain:

Do all hearing aid-compatible handsets that were certified only under ANSI C63.19-2007, but that the manufacturer also tested and found not to meet hearing aid compatibility requirements under ANSI C63.19-2011 for one or more operations that are not covered under ANSI C63.19-2007, include language informing users by clear and effective means that the handset does not meet the relevant rating or ratings with respect to such operation(s)?

N/A

Explain:

Do all handsets that are capable of use for Voice over LTE, and that were certified for inductive coupling capability under ANSI C63.19-2011 without being tested for inductive coupling capability over VoLTE, include language disclosing that they were not tested with respect to this operation?

N/A

Explain:

Do all handsets that meet the criteria for an M3 rating by allowing the user to reduce the maximum power for GSM operation in the 1900 MHz band include the required disclosure?

Explain:

Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those models, and an explanation of the rating system? Service provider websites must include the levels of functionality that the service provider has defined, the level that each hearing aid-compatible model falls under, and an explanation of how the functionality of the handsets varies at the different levels.

Yes

Website address: <http://www.openmobilepr.com/equipos/beneficio/politica-de-accesibilidad>

Explain:

Consumer Outreach

Describe consumer outreach efforts in the past 12 months: Open Mobile's compliant handset models are publicly identified for consumers. Compliant models are listed on Open Mobile's website, which also includes a complete explanation of the hearing-aid ratings and capabilities. Also Open Mobile educate its retail sales people regarding digital wireless capabilities and hearing-aid compliance.

Methodology for Functionality Levels

Open Mobile's handset offering are divided into five (5) categories considering their characteristics, features and retail prices. These categories go from a Low Tier category to a Smartphone category. Each category and category subdivision is assigned a letter and a number based on functionality levels and hearing-aid capabilities. Categories range from A1 to E6. For example, the Low Tier handsets are A1 for those handsets rated at least M3 but not T3, and A2 those handsets rated T3 and M3. For Medium and higher categories, functionality levels are assigned accordingly.

Report Remarks

You have reported the following handset model summary information.

Total number of handsets offered: 28

Air Interface	Fully Hearing Aid Compatible		Acoustic Coupling Compatible Only		Non-Compliant Handsets		Total by Air Interface
	Number	Percent	Number	Percent	Number	Percent	
CDMA	27	96%			1	4%	28
LTE	26	100%					26

Handset 1: Apple iPhone 6+

Handset Maker

Apple

Handset Model Name

iPhone 6+

FCC ID
